Both Union Pacific and Southern Pacific Beaten Down.

### MARKET CLOSES STRONG

American Can Company Makes History With New Price Record. Bonds in Demand.

New York, July 15 -After early irregularity the stock market closed strong today, with gains of from one to two points in the standard issues and two to five points in specialties:

Initial prices were higher, but the first fifteen minutes brought fractional recessions. Professional traders attacked the railroad shares. They offered Southern Pacific liberally, forcing it down nearly two points while Union Pacific droped nearly a point. But the demand for industrials asserted itself and by noon the market was once more on its way up.

Price fluctuations continued irregular until the last half hour, when reports

until the last half hour, when reports that Turkey was trying to negotiate for peace started an upward movement, which, under leadership of Steel com-mon, carried many stocks to new high prices for this movement. American Can touched the highest price in history. Southern Pacific was sold on rumors

that unfavorable action would be taken on the dividend, but students of railroad statistics figure that the property would earn a surplus of about \$1,000,000 above its dividend requirements for the fiscal year ended June

### Bonds in Demand.

Large wire houses reported the re-ceipt of orders for war stocks from all parts of the country. They de-clare the public is going mad over these issues. Crucible Steel equaled the former record of 31%, established weeks ago, while Baldwin Locomotive, on announcement of \$80,000,000 orders for shraphel rose to 114, an advance of five points. New York Airbrake rose more than two points and Westinghouse Electric advanced to 194%.

Bonds were again in demand at prices showing an advance of about a point in the last two days. Invest-ment bankers with substantial orders to fill in bonds which were plentiful when foreign liquidation was in full swing before the close of the British war loan said vesterday they were unable to fill their orders, the foreign-ers having withdrawn from the

### COTTON MARKETS.

New York, July 18.—Trading in cotton was very small today, but the market was steady, finishing at a net advance of 1 to 3 points. To illustrate the lightness of dealings, only 1,000 hales were dealt in on the call. Wall Street was a buyer. The spot article was quiet at an advance of 5 points, at 9,10. Buogancy in the securities markets and a more optimistic feeling as to the relations of the United States with Germany helped the market. At Liverpool spot was unchanged, but in good demand. The only bullish influences at the moment is the healthy position of the market.

Exports for the day were 6,347 bales, including 901 bales to Graza Britain and 5,966 bales to the continent. The exports on this day last year was 2,555 bales. Clearances for the scason were \$,228,841 bales, against 8,914,167 bales last season. Port receipts for the day were 5,534 bales, against 6,130 bales last week and 1,592 bales last year.

ally and that lower prices for the grain will be established, as those who have wheat for sale were today. The marker was an one-sen affair and the price changes covered a large wang not only in the left, but in the more deferred menths which display marked irregularity.

Closing sales for the day were at losses of 5, to 15 below the best levels reached. Sentiment was mitte bellish early in the scenion, but when the closing bell was rung out there were more bears than buils.

Total sales were 150,000 bushels new, and of the 400,000 boshels were purchased by France and a full carno is to be alipped to Australia.

Declines were established in coarse grains of 1 to 124 corn of the season. Present weather is highly favorable for the growing corn crop. Cash sales of corn were 125,000 bushels and of sate 185,000 bushels and of sate 185,000 bushels of the latter for expert.

The feature to the provision market was the buying of rich by packers and the demand from shorts for pork.

### MOGRIDGE UP AGAIN.

Tall Southpaw Has His Third Chance in Fast Company.

Chance in Fast Company.

Des Moince, Iowa, July 15.—George Mogridge, the tall southpaw for whom the Yankees paid Frank Isbell the tidy sum of \$5,500, will have his third chance in fast company under Bill Donoran.

Mogridge signed to ritch for the Galesburg, Ill., Central Association club in the spring of 1911 and was sold that fall to Comissive for the White Sox. In June he was sent to the Lincoln Western League club for seasoning. He went back to the Sox in the spring of 1913, only to be sold to Minneapoils. Last year Cantillon disposed of Mogridge to Des Moines. This year he proved the sensation of the league, having won sixteen and lost four games. Duke Farrell watched him and was so impressed that negotiations were closed for his purchase. He will report to Donoran the second week in September, following the close of the Western League season on Labor Day.

### HARVARD SIGNS DONOVAN. Track Coach Agrees to Remain

with Crimsons for Two Seasons. Boston, Mass., July 15.—Harvard clinched up "Pooch" Donovan for two more sesams as the trainer of the football team and couch of the

track team.

Donoran had several offers, but when the time came the Harrard management offered him a contract and he accepted. Penn made him an offer a year ago, but they took George Orton and Pat Dwyer instead, and Dwyer resigned and Orton has been anything but a success.

Donoran, who came to Harrard from Worcester Academy, has been Haughton's right-hand man in the development of the football team. His track team had one victory to its credit this year, for Yale was beaten for the first time in a dual meet.
